Dear Chairperson and Members of the NRA Nominating Committee:

On behalf of the Board of Directors of the Florida Sport Shooting Association, Inc, it is my pleasure to inform you that we have unanimously voted to endorse John C. Sigler, NRA Benefactor Member # [REDACTED], for election to the Board of Directors of the National Rifle Association of America. We respectfully ask that you accept our endorsement and this letter as our recommendation to the NRA Nominating Committee that Mr. Sigler receive your nomination for election in the 2025 NRA Board Elections. We also respectfully request that this letter be shared with each member of your committee.

The Florida Sport Shooting Association serves as NRA's Official State Association in the State of Florida.

Mr. Sigler has a singularly exceptional record as a life-long supporter of the Second Amendment. He has worked tirelessly and effectively on the NRA Board of Directors for almost 30 years, serving two terms as the NRA's 59th President and as Chairman on numerous NRA committees. In his many years on the Board and especially as

President, Mr. Sigler gained and maintained a reputation for fighting for the best interests of the NRA members. Mr. Sigler has participated as a competitive shooter in multiple NRA disciplines, doing well and winning several international team medals. He served as an NRA Referee for many years, assisting at the NRA National Matches as well as the NRA Police Shooting Championships. He continues as a staunch advocate for the NRA's system of clubs and associations. He knows, appreciates, and proclaims that NRA's clubs and associations, and the members that join and lead them are among NRA's most loyal and hard-working supporters. Those members and the clubs and associations are the "tip of the spear" for NRA and America's Second Amendment efforts.

In this time of change for the NRA, we need the voice of experienced leadership that can help move us forward in an organized and effective manner. John Sigler offers that voice and that leadership in challenging times such as these. The Florida Sport Shooting Association has been proud to previously endorse John Sigler for reelection to the NRA Board of Directors. We are proud now to offer our strongest recommendation for John to be back on the NRA Board of Directors, leading with experience, reforming where the need exists, representing the millions of NRA members, and working tirelessly to move the NRA ever forward.

Please accept our recommendation, and please renominate John Sigler back on the NRA Board.

Very respectfully submitted,

A black rectangular redaction box covers the signature of Ted W. Carter. The box is positioned below the text "Very respectfully submitted," and above the typed name and title.
